

1st Potter Heigham Brownies and Guides

It has been a busy year for both units, we have worked together on some projects and others the Guides and Brownies have worked separately. Numbers have fluctuated a bit in both units, Brownies only had 4 girls for 9 months, which can prove difficult but we will start the summer term this year with 10 girls. Whereas Guides shot up to 10 and dropped down to 7, this due to one girl moving and 2 others moving up to high school last September.

There have been the usual programme work plus interest badges. Programme challenges can vary cooking, always popular, to learning how to budget like the Chancellor. We have also taken on other challenges like making Dragons for the Ludham Dragon trail last summer or taking part in the annual Parliament week. We also took part in a fundraiser at the Ludham school fete which helped all three units.

There have been 2 residential offered to both units, both at Patteson Lodge Coltishall. We also took part in a District fun day at Hautbois activity Centre, the Annual District Campfire also at Hautbois.

All three units attended the Hippodrome Circus, where one of our Guides was dancing with her dance school, for a Christmas treat, luckily not the day of the accident!
