

Initially I'd like offer up a 'thank you' for the support in terms funding which allowed us to proceed with the goal of running a village table tennis club.

Following the purchase of two specialist tables along with the additional equipment (bats, balls etc) required to run the club (thanks to Sheridan for your assistance with the tables !) we were ready to launch our first club evening.

Notices in the Gazette and Posts on the village Facebook page helped gain some traction and indeed some initial interest for club sessions.

Our first club night took place on Tuesday 16th April (7-9pm) and I am pleased to report that we had 11 players. Feedback at the end of the evening was positive and I'm confident that the majority will return on a regular basis.

Over the coming months I'd like to see numbers grow to circa 12/16 players (numbers based upon two tables). In reality we need to see a minimum of 6 players in attendance each week for the club to fund the hall hire under the current pricing structure.
