

Chairman's report on Village Hall Management Committee meeting September 18^t

Clubs and groups are doing well, membership is stable or rising. The table tennis tables will be stored in the Annex, for ease of access.

Minor repairs (like staining) required after the ROSPA report on the children's play area will be carried out over the winter / spring.

A Ball Wall will be installed in line with the trees beyond the garage.

The produce show was a great success raising just over £1,000 and plans for next year's show on August 17th 2025 are already underway.

A Village Hall Facebook page has been set up.

A dog park at the top of the field is being investigated and costed.

The skateboard proposal has not been progressed by the person who suggested it.

The VHMC has agreed to take over the responsibility for the seat under the tree - they will wait until the spring to renew and resite it, to see where the ground doesn't flood during the winter.

Decorating the hall for Christmas will be on Saturday November 16th at 9.30 a.m. if anyone wishes to help.

The next meeting is December 4th.at 7.15 pm
